ABOUT MYSELF

A software engineer with more than 6 years of experience in Android and web development. Proficient in Kotlin, Java, Laravel, CodeIgniter, Next.js, and the MEAN stack. Skilled in API development, problem-solving, and effective communication. Passionate about creating robust and user-friendly solutions.

WORK EXPERIENCE

Code Hunters IT Solutions – Bara, Pakistan

City: Bara | Country: Pakistan | Website: www.codehunters.org | Email: enayat@codehunters.org

CEO & Lead Developer

[06/2024 – Current]

- **Strategic Leadership:** Direct company vision and operations, developing business strategies to drive growth and ensure long-term success.
- **Hands-On Development:** Actively involved in planning, designing, and coding software projects; contribute to code reviews and architecture decisions.
- **Project Management:** Oversee end-to-end project delivery—from initial client meetings and requirement gathering to design, development, deployment, and maintenance.
- **Client Engagement:** Facilitate client communication, lead meetings, and tailor IT solutions to meet diverse client needs.
- **Multifaceted Role:** Serve as a “one-man army” by seamlessly integrating executive leadership with hands-on technical work, mentoring team members and ensuring high-quality deliverables.
- **Innovation & Problem-Solving:** Stay current with emerging technologies and implement best practices to overcome complex technical challenges and enhance product performance.

PHC Global – Islamabad, Pakistan

City: Islamabad | Country: Pakistan | Website: <https://www.phcglobal.org>

Senior IT Associate

[01/11/2021 – 28/07/2024]

- **Collaborated on web application design and maintenance**, ensuring robust and scalable solutions.
- **Ensured high-quality code** and optimized performance across web applications.
- **Implemented security measures** to safeguard applications and sensitive data.
- **Led and mentored junior developers**, fostering skill development and ensuring team efficiency.
- Conducted **training sessions on web technologies**, enhancing staff knowledge and capabilities.
- Provided **technical support** to staff, addressing queries and troubleshooting issues.
- **Maintained hardware and software**, resolving technical problems to ensure seamless operations.

Quince Tech Solutions – Islamabad, Pakistan

City: Islamabad | Country: Pakistan | Website: <https://quince.com.pk/>

IT Consultant

[01/05/2021 – 30/04/2024]

- **Delivered customized IT solutions** to enhance business operations, aligning technology with client goals.
- **Collaborated with teams** to ensure the timely and successful delivery of projects, meeting all objectives and deadlines.
- **Analyzed client needs** and provided strategic technology recommendations to drive business growth and efficiency.
- **Provided ongoing system support** and implemented process optimization strategies to ensure continuous improvement.

CodeVenator Software Solutions – Peshawar, Pakistan

City: Peshawar | Country: Pakistan | Website: <https://www.codevenator.com/>

IT Consultant

[01/02/2021 – 30/11/2021]

- **Developed and tested software applications** tailored to client requirements, ensuring high-quality, functional solutions.
- Assisted in **training junior team members**, debugging, and optimizing existing codebases for improved efficiency.
- **Collaborated with cross-functional teams** to deliver user-friendly and high-performance solutions, meeting client expectations.
- **Conducted system analysis** to enhance application performance, reliability, and scalability.
- Supported **deployment processes** and provided ongoing **post-launch technical assistance**, ensuring seamless operations.

Smartech IT Solutions – Peshawar, Pakistan

City: Peshawar | Country: Pakistan | Website: <https://smartech.online>

Senior Android Developer

[01/02/2021 – 31/10/2021]

- Served as an **analytical and detail-oriented Android app developer**, delivering high-quality, efficient mobile solutions.
- Skilled at **leading team collaboration**, ensuring timely project delivery within budget while maintaining strong communication.
- **Conceptualized app solutions** using the latest technologies, design principles, and creative strategies to meet client needs.
- Committed to providing **practical and user-friendly app solutions**, ensuring functionality, performance, and client satisfaction.

PHC Global – Karachi, Pakistan

City: Karachi | Country: Pakistan | Website: <https://www.phcglobal.rog>

Senior IT Associate

PROJECTS

Technology Solutions in Public Health, Real Estate, and General Tools

I have worked on a diverse range of Android and web applications, addressing challenges in **public health, real estate, and general-purpose tools**. My experience spans developing innovative solutions tailored to improve accessibility, streamline operations, and enhance user engagement.

In the **public health sector**, I have delivered impactful projects, including:

- **FoodEApp:** An Android dietary app promoting healthy eating habits.
- **SSR (Structured Speech Recognition):** An Urdu speech-to-text platform with an Android app for audio collection and a web-based voice contribution tool for EPI centers.
- **COPEit:** A mental well-being app offering tools and resources for improved mental health.
- **HRH Balochistan:** A web-based tool for evaluating healthcare worker performance and motivation, developed with PHC Global and the World Bank.
- **AI Sarosh:** An AI-powered hub for sexual and reproductive health services in South Asia.
- **Sehat Saheli:** An e-learning Android app for Lady Health Workers in Pakistan, digitizing their training syllabus with culturally tailored instructional design.
- Additional projects include apps for the **Measles Catch-up Campaign**, a **Public Health Data Analytics Platform**, and the **FJICD Website** for Fatima Jinnah Institute of Chest Diseases.

In the **real estate sector**, I have developed:

- **RTT Website:** A website and booking management system for Rehman Twin Tower.
- **Qazi Marketing and Developers Website:** A dynamic website for a real estate agency.
- **Forest Villas Dashboard:** A web platform for file and receipt management for Forest Villas by Majestic Marketing.
- **MGC Website and Dashboard:** A website and dashboard for Murree Garden City, a OneClick Services real estate initiative.

Additionally, I have created **general-purpose tools**, such as:

- **Document Scanner App:** An Android app for scanning and converting documents to PDFs with OCR capabilities.
- **Image Compressor Tool:** An app for compressing images with high-quality results.
- **VPN Client App:** A secure Android app offering encrypted connections for safe browsing.

These projects demonstrate my expertise in leveraging technologies like Java, Kotlin, Firebase, CodeIgniter and Laravel to deliver user-centric solutions. Explore my full portfolio [here](https://enayat.codehunters.org).

HOBBIES AND INTERESTS

Coding and Programming

Playing Video Games

Watching Space Movies

Playing Volleyball

Photography and Capturing Moments

VOLUNTEERING

[10/2017 – 12/2018] ICT Society SUIT, Peshawar

Community Service Coordinator

MANAGEMENT AND LEADERSHIP SKILLS

Team Leadership and Management

Team Leadership: Successfully led a team of 4 software engineers, delegating tasks effectively, fostering collaboration, and ensuring the team met project deadlines while maintaining high-quality standards.

Project Planning: Managed project lifecycles from initiation to deployment, including requirement analysis, resource allocation, and timeline definition to deliver projects within scope and budget.

Agile Practices: Implemented Agile methodologies, conducted sprint planning, and facilitated daily stand-ups to streamline workflow and enhance productivity.

Problem-Solving: Addressed and resolved technical and operational challenges by coordinating team efforts and leveraging my own technical expertise.

Mentorship: Provided guidance and mentorship to junior team members, promoting skill development and knowledge sharing within the team.

Risk Management: Identified project risks early and developed contingency plans to ensure project continuity and minimize potential delays.
